“ I will miss you and I love you Johnny.I couldn't relate to the saying you don't know what's good until it's gone but now I can. You will be missed and I can't wait to see you again.I remember all the good. times you made me laugh and when we are riding. it seems like just yesterday you was riding on your motorcycle having fun and laughing then we found out you had cancer . I wish I could have been anyone else. Like I said you will be missed and I can't wait to see you on the other side.

“ Uncle Johnny I will never forget you and you will be missed greatly. You were more than an uncle to me you was like my second pop pop. We shared so many memories together and i'll always remember the life lessons you taught me over the years. You taught me so many things like how to hunt and how to ride my first 4 wheeler. These are the things I will pass down to my kids. I feel blessed to have you apart of my life and I wish we had more time together. I will always keep you in my heart.I will see you again someday and we all can ride our 4 wheelers together again
